## a peek at the week

**Religion:** Next week we will practice looking up passages in the Bible and diving into Chapter 1 of our Religion Books

**Reading:** We will begin reading the book, "Wonder." We are also practicing our reading skills on a website called ReadWorks.

**Math:** We completed a variety of review activities this week to get warmed up for what's to come. Today they completed an "Escape From the '80's" Math escape room, which proved to be more challenging than I expected, but I think (ok, hope!) they enjoyed it anyway. There is learning in the struggle! Next week we will work on mastering our skills finding Greatest Common Factors and Least Common Multiples.

**Social Studies:** We will begin Chapter 1, entitled What Does A Historian Do? I will be assigning a timeline project late next week.

**Science:** Our new Science curriculum hasn't arrived yet, but we'll be completing a couple of STEM activities next week.

**Spelling:** Lesson 2 book assignment will be due on Thursday and the test will be on Friday.

## MARK YOUR CALENDAR

**August 29** — School pictures (we have PE that afternoon, so kids should come to school picture-ready. They can bring clothes to change into after we've had our turn taking pictures.)

**September 2** — No school

**September 16** — JPll Family Picnic from 5:30-7:00

## a note from the teacher:

- Remember, if you plan to spend any time in the classroom, driving to events, or chaperoning a field trip this school year, you will need to complete the Safe Environment Training. This is the link you need:  
<https://siouxfalls.cmgconnect.org/>  
PLEASE GET THIS DONE ASAP!!!
- Just a heads-up that we (grades 3-6) now go to lunch around 11:30 each day. Recess then follows from 12:00 to 12:15.
